	Kate Garman MO TNC Tax Spending Plan RES D1d
1	WHEREAS, individuals and families making in the range of \$15 to \$25 per hour are especially
2	dependent on transit for commuting to centrally located destinations such as their jobs,
3	schools, grocery stores, libraries, and clinics; and
4	WHEREAS, co-locating affordable housing investments near transit infrastructure amplifies
5	investments' capacity to simultaneously address Seattle's mobility and affordability
6	challenges; and
7	WHEREAS, transportation network companies (TNCs) provide application dispatch services
8	that allow passengers to directly request the dispatch of drivers via the internet using
9	mobile interfaces such as smartphone applications; and
10	WHEREAS, TNCs are major hiring entities, with 31,676 TNC drivers issued permits by King
11	County in 2018 as recorded by the King County Department of Licensing; and
12	WHEREAS, in the pursuit of economic opportunity, many TNC drivers are immigrants and
13	people of color who have taken on debt or invested their savings to purchase and/or lease
14	vehicles and for-hire licenses; and
15	WHEREAS, TNC drivers who have access to a driver conflict resolution center for education
16	and representation in cases such as unwarranted deactivation will be more likely to
17	remain in their positions over time, and such experienced drivers will improve the safety
18	and reliability of the TNC services provided to passengers and thus reduce the safety and
19	reliability problems created by frequent turnover in the TNC industry; and
20	WHEREAS, research shows TNCs contribute to growing traffic congestion in large U.S. cities;
21	and
22	WHEREAS, over 24 million TNC trips were taken in Seattle in 2018, showing consistent growth
23	year over year; and

WHEREAS, The City of Seattle intends to exercise its taxing authority, as granted by the

Washington State Constitution and as authorized by the Washington State Legislature,

and impose a tax on TNCs operating in Seattle; and

WHEREAS, Mayor Durkan has proposed further investments in affordable housing near transit,

transportation, and a driver conflict resolution center using proceeds from a tax on TNC

companies providing 1,000,000 rides per quarter or more on a per-ride basis; and

WHEREAS, the purpose of this plan is to effectuate Seattle's vision to provide housing and

transit opportunities for all, and support drivers in the TNC community by bringing

educational tools and representation that is afforded to other sectors;

NOW, THEREFORE,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF SEATTLE, THE

MAYOR CONCURRING, THAT:

Section 1. **Spending Plan.** The City shall use the proceeds of the transportation network company (TNC) tax imposed by Chapter 5.39 of the Seattle Municipal Code to accelerate affordable housing production for low-wage workers and their families at locations that are within the frequent transit network, make investments in transportation, including transit, and provide for workplace protections. Eligible expenditures include:

- A. Funding of the administration of the TNC tax and regulations related to TNC drivers up to \$2,000,000 in the first year, for the second year and each year after up to \$1,500,000. Beginning in year five, this amount may increase each year to reflect the rate of inflation, consistent with the Consumer Price Index, and subject to appropriations.
- B. Up to \$3,500,000 per year shall fund a Driver Resolution Center to provide driver resolution services and costs related to administering driver protection.

- C. After administrative costs related to the tax and regulations of TNC drivers, as described in subsection A of this section, and after funding the Driver Resolution Center and other driver protections as described in subsection B of this section, up to 50 percent of revenue from the tax over its first six full years shall be used to finance acquisition, construction, rehabilitation, operations, and maintenance of property to provide housing that serves lowincome households and provide for the housing needs of low-income households within the frequent transit network, as defined by the Seattle Department of Transportation's Transit Master Plan. The low-income housing funded hereby should serve households making up to 80 percent of the annual median family income for the statistical area or division thereof including Seattle, for which median family income is published from time to time by the U.S. Department of Housing and Urban Development, or successor agency, with adjustments according to household size in a manner determined by the Director of Housing. Beginning in the seventh full year after adoption of this tax, up to \$5,000,000 (in 2020 dollars, indexed to reflect the rate of inflation) per year shall be used to provide operating support for Office of Housing (OH)-funded housing affordable to households with incomes at or below 30 percent of the median family income.
- D. After administrative costs related to the tax and regulations of TNC drivers as described in subsection A of this section, and after funding the Driver Resolution Center and other driver protections as described in subsection B of this section, and after the funding for affordable housing as described in subsection C of this section, the remainder of revenue collected in the first six full years that the tax is imposed shall be used to support projects related to transportation and transit, including the Center City Streetcar. Beginning in the seventh full year after adoption of this tax, after the administrative costs, funding the Driver Resolution Center, and after up to \$5,000,000 (in 2020 dollars, indexed to reflect the rate of inflation) used

to support for OH-funded housing affordable to households with incomes at or below 30 percent of the median family income per year, the remainder of the net proceeds shall be used to support projects related to transportation improvements and transit.

Section 2. Every year, or at such other intervals as the City Council may specify, the Executive shall prepare a report to include total revenue collected per year and the cost of administration of the tax and regulatory oversight related to the TNC tax.

Section 3. Accountability and Oversight Committees. For the purpose of overseeing the funding for low-income housing with access to the frequent transit network, the Housing Levy Oversight Committee shall provide a report to the City Council as to the progress of funding received from the TNC tax. The Director of the Office of Housing, or the Director's designee, will prepare and submit to the Oversight Committee, City Council, and Mayor an annual progress report on the implementation of funds from the TNC tax.

For the purpose of overseeing the spending of tax proceeds related to transportation improvements, the Levy to Move Seattle Oversight Committee (or its successor) shall oversee and monitor the progress of funding received from the tax. The Director of the Department of Transportation, or assigned designee, will prepare and submit to the Oversight Committee, City Council, and Mayor an annual report on the implementation of programs receiving funding from the tax.
